QUALITY POLICY

Consoli Francesco di Consoli Massimiliano S.a.s. is committed to being a reliable and competitive partner for its customers in the sector, supplying high precision and quality mechanical components, respecting the technical, regulatory and safety requirements required by the market and OEMs.

The Management considers the Quality Management System compliant with the UNI EN ISO 9001:2015 standard as a fundamental tool to guarantee continuous improvement, prevention of defects and full customer satisfaction.

The Organization places the disclosure and sharing of corporate objectives at the center of its vision, enhancing individual contribution and promoting synergistic relationships inside and outside the company, which aim at continuous personal and professional improvement.

The Management undertakes to consistently pursue the following objectives with an approach of continuous improvement of the results obtained:

- Cooperate continuously and profitably with all customers in order to always achieve their full satisfaction;
- Fully understand industry customer requirements, including product specifications, tolerances, special processes and traceability requirements;
- Promote a collaborative, safe work environment oriented towards compliance with procedures, involving employees in the achievement of common objectives;
- Ensure product conformity through accurate controls, use of appropriate measurement technologies and stable and monitored production processes;
- Prevent defects and non-conformities through risk analysis, scheduled maintenance, structured management of non-conformities and corrective actions;
- Guarantee the health and safety of its collaborators, ensuring adequate working standards in compliance with the stipulated employment contracts;
- Guarantee the technical and financial resources to offer products that comply with and respond to the requirements imposed by the Organization and suited to customer needs;
- Comply with all applicable regulations regarding product, safety, environment and social responsibility.

This declaration is the formal act with which CONSOLI sas makes known its irrevocable determination and confirms its commitment to define strategies, guarantee the necessary resources, support organizational efforts, verify the consistency of the results achieved within the quality system with explicit reference to the requirements of the ISO 9001:2015 standard.
